DISTANCE TO SALINA, KANSAS

When computing the shortest distance from MP/UP adopted KYLE origins to destination via Salina, Kansas or to Salina, Kansas, in order to determine the applicable rate as provided in UP Tariffs, first determine the KYLE's miles, as published in this tariff, from origin to Yuma, Kansas and then add 94 miles which is the mileage from Yuma, Kansas to Salina, Kansas. If applicable, this sum should then be added to the MP/UP miles from Salina, Kansas to destination.

For explanation of abbreviations and reference marks, see last page of tariff.
